OPENING SCREEN / CREDITS

JUMP TO:

1 INT. LAB - DAY

The lab is cluttered with strange devices.

ENEMY (40s, sinister) (to himself)
Fu, what research should I do today? To think such a
genius is being ignored. Alright, using this...become
smaller!

The Enemy injects the liquid into a machine. A beam of light
shoots out, hitting CIEL (appears to be the same age as Pachi),
who is working at a nearby table.

CIEL
Ehh!

ENEMY
Yosh, now you can't resist. I'm taking you.

The Enemy grabs the now tiny Ciel and exits.

2 EXT. CIEL'S HOUSE - DAY

PACHI (appears to be the same age as Ciel), full of energy,
approaches the house.

PACHI (V.O.)

Hello everyone, this is Pachi-shii. I'm going to go play at Ciel's house. I wonder what Ciel's doing. Probably some research again today.

INT. CIEL'S HOUSE - DAY

Pachi enters. The house is quiet.

PACHI

Ciel? It's awfully quiet today. Ciel? Are you not here?

Pachi searches the room, looking increasingly worried.

PACHI

Ciel? Nowhere? Huh? Is she maybe in some kind of secret magic room? Ciel? Nope, she's not here. Huh? That's weird. Did she go out somewhere?

Pachi notices a half-eaten banana on the floor. He picks it up, examining it.

PACHI

Ah! There it is! Ciel would never leave a banana like this. Something must have happened. I need to find something that can track Ciel's location. I think there was something like that around here.

Pachi finds a small, high-tech TRACKING DEVICE.

PACHI

Ah! There it is. This tracking device should tell me where Ciel is. Let's ask it.

Pachi activates the device. A holographic display appears.

TRACKING DEVICE (V.O.)

Ciel is at the top of the tallest tower in this city. She appears to have been kidnapped.

Pachi's eyes widen in shock and concern.

PACHI

Kidnapped?! Ciel was kidnapped? I have to go save her! Wait for me, Ciel! I'm coming to save you! Wow, I can't even see the top! This tower is the tallest building in the city. Alright, Ciel is at the top of this. I'm going to save her! Wait for me!

Pachi rushes out of the house.

3 EXT. TOWER - DAY

The tower looms, impossibly high. Pachi stares up at it, determined. He runs towards the entrance.

A GUARD (30s, imposing)

Steps in front of him, blocking his path.

GUARD

Halt! Stop! You can't go any further.

PACHI

What? What do you mean? I need to save Ciel!

GUARD

There's no one like that here. Please go back.

PACHI

Yes, there is! I know Ciel is here!

GUARD

If they aren't here, then they aren't here. I can't let you pass. If you resist any further, I won't hold back. I'll attack you!

PACHI

Try it.

The Guard attacks. He's incredibly fast and strong. Pachi is easily defeated, thrown to the ground.

PACHI

It's not working! Huh? It's not working at all! That hurts! He's too strong! I can't win! One punch was all it took. I couldn't even see the speed of the punch. I need to escape for now. Damn it! I'll be back! Ciel wait for me!

Pachi struggles to his feet and runs away, defeated.

4 EXT. MOUNTAIN RETREAT - DAY

Pachi, bruised and battered, collapses in front of a secluded mountain retreat. SHISHOU (60s, appears out of shape, but has a powerful presence) emerges.

PACHI

Ugh... Help...

SHISHOU

What in the world happened?

PACHI

My important friend was kidnapped, and the enemy is too strong for me to beat.

SHISHOU

I see. That's unfortunate. I can't directly help you, but I can train you.

PACHI

Huh? But you're so fat, old man.

SHISHOU

Fat, but I'm strong! Let's start your training right away!

PACHI

Huh? Right now? Is this old man really strong?

MONTAGE

- Shishou instructs Pachi to jump off a high cliff. Pachi is terrified, but Shishou demonstrates, landing unharmed.
- Intense training montages: martial arts forms, strength training (lifting huge rocks), agility exercises (dodging lightning). Shishou performs incredible feats of speed and power. Pachi struggles, but his determination grows.

EXT. MOUNTAIN SHRINE - DAY

Pachi, transformed, stands before a shrine. He is noticeably stronger and more confident. Shishou addresses him.

SHISHOU

Very well, you have completed the month of hard training. Now, let's go and test if you are stronger, fight my two disciples.

Two skilled DISCIPLES (20s) stand ready.

PACHI

Thank you very much for the one month of training, Shishou. Ok, here is the shrine that master spoke of. Wow, there are some dangerous looking people already. I guess that is one of the disciples. Ok, if I win, I can go save Ciel.

ACTION:

Pachi fights the Disciples. He defeats them with his new skills, demonstrating speed and power.

5 EXT. TOWER - DAY

Pachi returns to the tower. He climbs, encountering and defeating numerous ENEMIES. With each battle, he grows stronger and more skilled.

INT. TOWER TOP - DAY

Pachi reaches the top. The FINAL ENEMY awaits. Ciel is visible, shrunk and imprisoned in a glass container.

PACHI

Give Ciel back to me.

FINAL ENEMY

(smirking)

You have come a long way.

ACTION:

The final battle. Pachi and the Final Enemy fight. It's a fierce and evenly matched contest, but Pachi's training and determination give him the edge. He defeats the Final Enemy.

PACHI

I won, I have to go save Ciel.

Pachi rushes to Ciel's container.

PACHI

Ciel, I saved you. Huh, your voice is very loud, even though you are very small.

CIEL

Well, let's go home.

6 INT. PACHI'S HOUSE - DAY

Pachi and Ciel (still tiny) are back home.

PACHI

We are home, but will Ciel go back to normal?

CIEL

I do not know, we will have to take care of this small body for a while.

Pachi faces the camera, a playful expression on his face.

PACHI

Lets do Pachi Pachi rock paper scissors. Tell me in the comments if you won or lost. See you in the next video.
